

I had been approached after a Community Council meeting and asked to see if Roselawn could get the Habitat for Humanity "Rock the Block" event.

In speaking with the organization, it has been indicated that this event is only held in communities where they are currently building.

There are no homes being built in Roselawn.

They did offer information on their Senior 60+ and Military home repair assistance program. There are guidelines one has to meet in order to receive the service.

They are willing to come out to a future Council meeting to discuss the program,

Anita Boseman  
Trustee  
Roselawn Community Council
